

# Aryan Pandey

Full Stack Developer | Data Analyst | Lucknow , India | [aryanpandey0107@gmail.com](mailto:aryanpandey0107@gmail.com) | [linkedin.com/aryan](https://linkedin.com/aryan) | [Github.com/aryan](https://Github.com/aryan)

## Education

### SRMCEM LUCKNOW

Expected May 2025

Bachelor of Technology in Computer Science and Engineering (GPA: 8.5)

srmcem

- **Coursework:** Data Structures and Algorithms (C++), Operating Systems, Compiler Design, Software Engineering, DBMS, Oops

## Experience

### IBM Apprenticeship

Aug 2023 – Sep 2023

Introduction to Data Science

Lucknow

- Acquired proficiency in Python programming, including writing efficient code, data manipulation, and script automation.
- Gained practical experience using key data science libraries such as pandas for data manipulation, numpy for numerical computations, and scikit-learn for building and evaluating machine learning models and Developed and evaluated various machine learning models

## Projects

### ECommerce Platform using Mern Stack | React.js, MongoDB, Nodejs, Bootstrap

- Developed an ECommerce platform using MERN stack with a **comprehensive Admin Panel** for streamlined management.
- Utilized Express.js for building robust **backend APIs** and MongoDB with Mongoose for efficient **data storage and retrieval**.
- Employed React.js along with Redux for building a **responsive and intuitive frontend interface**, utilizing React Bootstrap for styling and UI components.

### Portfolio | React.js, Java Script, CSS, Node js

- created a portfolio website in **Visual Studio Code**. It consists of my skill and much more.It contains a short introduction of myself ,my skill ,my project column and contact page with other effects.
- The website features a clean and modern design to highlight **my proficiency in web development**.
- The skills section details my technical abilities, including my knowledge of HTML, CSS, JavaScript, React.js, C, C++, and basic Python.

## Extracurricular Activities

- Ranked **70th** on **GeeksForGeeks** at Institute Rated level and solved 150+ problems.
- Rated **133825+** on LeetCode Platform (Top 50.34percent on LeetCode and solved 200+ problems.).
- Achieved **5 Star** badges on HackerRank for C++.
- Certificate in 'C and C++Specialisation' From **Coursera.com**.
- 1 month internship in Web Development and Designing with wonderful remarks at **OASIS INFOBYTE**.

## Skills

**Languages:** English, Hindi

**Programming Languages:** C/C++, Python, SQL, Java Script

**Development Frameworks:** React.js, Bootstrap, Node.js

**Development Tools:** Figma , Visual Studio Code , Git hub , jupyter , scikit-learn ,Matplotlib

**Soft Skills:** Leadership, Public Speaking, Time Management
